

BLACK DRAIN DRAINAGE BOARD
ENVIRONMENTAL IMPACT ASSESSMENT (LAND
DRAINAGE IMPROVEMENT WORKS) REGULATIONS 1999
(as amended)

It is the intention of the Black Drain Drainage Board (the Board) to undertake improvement works (as defined in the above Regulations) on Black Drain within the vicinity of Plum Tree Farm, Johnny Moor Long Lane, Moorends, Doncaster, South Yorkshire.

The improvement works will comprise of slackening the batter and timber toe piling on the road side edge of Black Drain. Approximate length of timber toe piling and opening the angle of batter is 20 metres

Any person who wishes to make representations in relation to the likely environmental effects of the proposed improvement works may do so in writing to the address below.

All representations must be made within 28 days of this notice.

Natural England and Heritage England have been consulted under the Regulations.
